

IT DOES
EXACTLY
WHAT IT
SAYS ON
THE TIN™

Ronseal Promise, if you do exactly what it says on the tin,
this product will do exactly what it says on the tin.

RONSEAL MULTI PURPOSE WOODFILLER
is a superior quality ready to use wood
filler, designed for general or minor
repairs to interior or exterior wood. It is
easy to use, giving long lasting smooth
repairs which flex with natural
wood movement.

- Ready to use, easy to sand
- Quick drying, low odour
- Can be stained, varnished or painted
- Resists shrinking and cracking
- Can be nailed, screwed or planed

USAGE AREAS

Ideal for use on doors, window frames,
screw/nail holes, cracks, gaps, skirting boards,
floors and other wood surfaces. Not suitable
for gaps between floor boards. For major or
wet rot repairs use **Ronseal High
Performance Wood Filler**.

PREPARATION

1. Ensure surfaces are clean and dry.
2. Lightly sand in direction of the grain.

APPLICATION

1. Work filler well into the repair.
2. Leave filler slightly proud for sanding.
3. Smooth over with a wet knife prior to drying.
4. Deep holes should be built up in layers of
5mm allowing each to dry. Drying time
approximately 2 hours.
5. Finish with stain, varnish or paint.

NOTE: Filler may stain/varnish differently to
surrounding wood. Fill and finish a small test
area to ensure acceptable drying.

CLEAN UP

Replace polythene cover and lid tightly. Tools
should be washed in water immediately after use.

RONSEAL MULTI PURPOSE WOOD FILLER

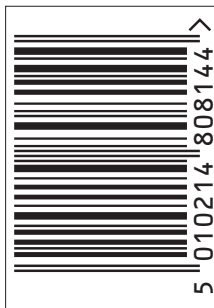

Keep out of the reach of children.
After contact with skin, wash
immediately with plenty of water.
Protect from freezing.
