

Ronseal Stay White uPVC Paint is a tough, durable & waterproof finish which transforms weathered & discoloured uPVC.

- Non yellowing • No primer required • Resists knocks, scratches & chipping
- Quick Drying – Touch dry in 30 minutes • Satin finish

USAGE AREAS • Ideal for exterior weathered uPVC surfaces including window frames, doors, cladding, soffits, fascias and conservatories. • Not recommended for use on new uPVC.

PREPARATION • It is essential that the surface is clean, dry and free from all traces of mould, dust, dirt, or grease. • Clean surface with a proprietary cream cleaner or Thompson's uPVC Restorer prior to painting. • Do not use solvents to clean as they may damage the uPVC surface.

APPLICATION • Stir well before and during use. • Apply with a synthetic filament brush. • Apply 2 coats and allow 6 hours between coats. • Lightly sand any imperfections prior to applying the second coat.

COVERAGE AND DRY TIMES • 12 m² per litre • Touch dry in 30 minutes. • Recoat after 6 hours (Under normal conditions*).

CLEAN UP • Remove as much product as possible from application equipment prior to cleaning. • Wash out brushes in water and detergent.

CARE AND MAINTENANCE • Clean surfaces with a detergent solution • Avoid abrasive cleaners.

* Low temperature, high humidity or poor ventilation may extend drying and recoat times.

RONSEAL STAY WHITE UPVC PAINT

Use only in well ventilated areas. Avoid contact with skin and eyes. In case of contact with eyes, wash immediately with plenty of water and seek medical advice. After contact with skin, wash immediately with plenty of soap and water. Keep out of reach of children.

WISE PRECAUTIONS

Always read the instructions carefully before use. Do not empty product into drains or watercourses. Some local authorities have special facilities for disposal or dispensing of waste coatings. To avoid the risk of spillage always store and transport in a secure and upright position.
